The Venue

The conference will be held in [NH Collection Sevilla](#), formerly known as NH Central Convenciones, hotel has a privileged position in Seville's financial and business district. The historical area is a short walk away.

Address: Avda Diego Martinez Barrio, 8, 41013 Seville - Spain

The NH Collection Sevilla is:

- 2 metro stops or a 15-minute walk to the historical district
- Next to a shopping and leisure area featuring the mall, Nervión Plaza, and El Corte Inglés, plus cinemas, bars and restaurants
- Direct access to the SE-30 ring road, and less than 10 minutes from Santa Justa train station

HOW TO GET TO

By Plane:

There is a bus service available connecting airport and the city centre.

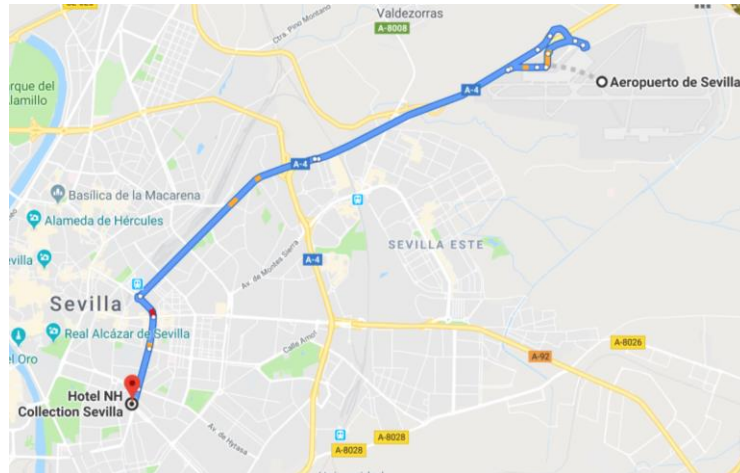

[Línea EA: Airport Special](#)

The Seville urban transport line between Plaza de Armas, in the city centre, and the airport, with stops at convenient points, including the **Santa Justa rail and AVE station**. The journey takes **about 35 minutes**.

One-way ticket: 4€

You can also take a taxi at the same airport. The taxi fare cost from airport is about 22,20€ - 24,75€

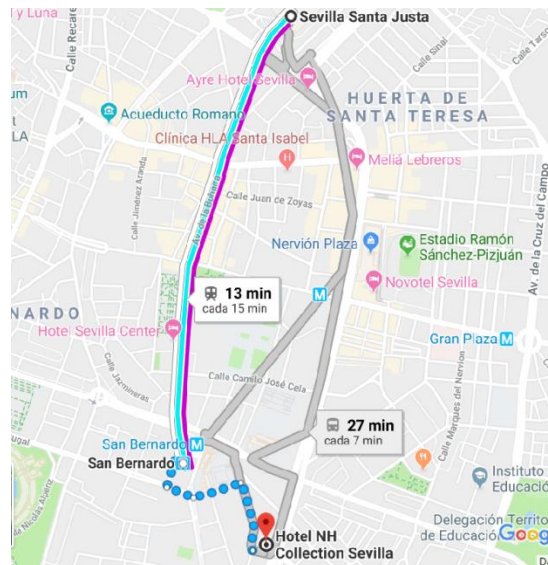

By Train:

If you come from [Santa Justa train station](#) you can take the bus line 32 at Kansas City (Céfiro) stop, and get off at Alcalde Juan Fernández (El Plantinar) stop. Then go for a 5 minutes walk to the hotel.

City bus line C2 (purple color) stops 10 minutes on foot from the hotel, on the same street.

You can also take a taxi at the train station for approximately 8€

General Information

The registration desk will be open:

- On Sunday, February 23th from 3:30 PM to 6:30 PM
- On Monday, February 24th from 8:00 AM to 8:45 AM

The registration desk will be on the Hotel's lobby.

WELCOME RECEPTION

A welcome reception drink will be served on Sunday, February 23th, from 5:45 PM to 6:15 PM at the Hotel's lobby.

WORKSHOP: How to make high efficiency stable perovskite solar cells

Only a few groups in the world can reproduce greater than 20% efficiencies on cells architecture.

Professor Michael Saliba is a top world class researcher in the formulation of stable and high efficiency compositions that allow him to produce high-efficiency solar cells with high reproducibility.

Now you have a chance to share the insights and techniques necessary on Sunday, February 23th at 4:00 at Alanda room.

EDITORS' WORKSHOP

An Editors' Workshop will take place on Sunday, February 23th at 5:00 p.m. at Alanda room.

The aim of this workshop is to discuss the key role of scientific publishing nowadays. We will have the chance to openly talk about this topic with expert editors from major journals of the field of perovskite solar cells and optoelectronics, and all the interested attendants.

To focus of the discussion it will be:

1. The competition between journals.
2. The point of view of authors.
3. In the interest of science

INFORMATION POINT

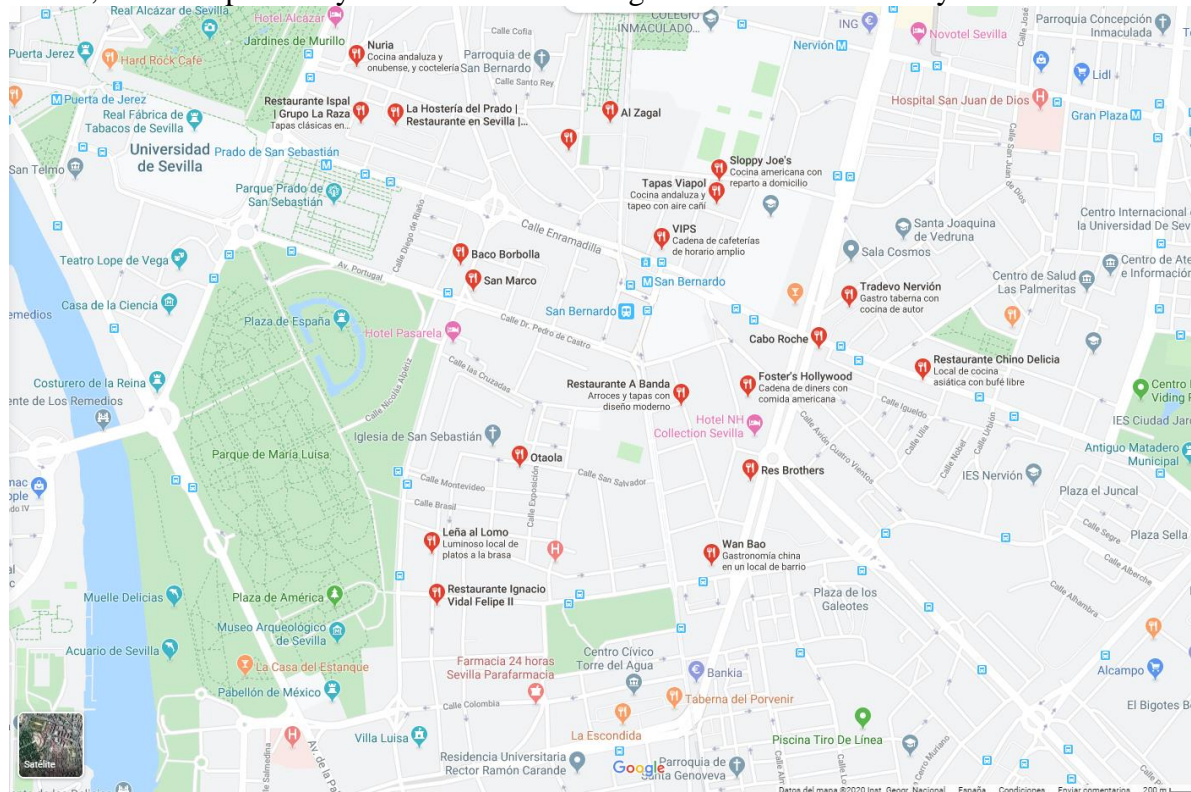

The information point will be located at the Hotel's lobby during conference hours.

COFFEE BREAKS

Light coffee service will be served during the morning breaks, from 10:30 a.m to 11:00 a.m. at the Hotel's lobby.

Program

The latest version of the program is always available online and you can also download a PDF version at <https://www.nanoge.org/NIPHO20/program/program>

ORAL CONTRIBUTIONS

Standard Audio Visual Package at the conference rooms: LCD projector, screen and wireless microphone.

Presentation Times:

Invited Speakers are scheduled for 30 minutes (25 minutes talk + 5 minutes questions).

Contributed presentations are scheduled for 15 minutes (12 minutes talk + 3 minutes, questions); check your slot at the symposium schedule for timing.

The organization wants to encourage the symposia debates and questions; therefore, it is necessary to strictly respect the time for discussions.

Speaker preparation: The speakers will be able to check the presentation onsite no later than the “break” immediately preceding the session. Break, in this sense, is the period of time before the first-morning talk and during the lunch or coffee breaks. Please come with sufficient time in

advance. Authors must provide to the assistant a USB memory with the presentation or bring their own laptop.

Audio Visual Assistance: There will be an assistant if any problem arises in each room.

Advise: Before you start designing your next presentation, make sure you know what size your slides should be for an optimal viewing experience. Specifications: Screens (3x2 meters) and projectors (3500 Ansi).

CONFERENCE PROCEEDINGS

A new tool for far scientific communication and diffusion is available for any participant with an abstract contribution. nanoGe has prepared this tool as a service to the scientific community to ensure that conference communication obtains rapid impact and visibility.

Now you can find online and open access, the scientific contents of nanoGe conferences. All abstracts are published online as separate papers. Check it at <http://www.nanoge.org/nanoge-conference-proceedings>
