Research

A SCIENCE PARTNER JOURNAL

Research, is distributed by the **American Association for the Advancement of Science (AAAS)** in association with Science and Technology Review Publishing House, the publishing house under the leadership of **China Association for Science and Technology (CAST)**. *Research* provides an international platform for academic exchange, collaboration and technological advancements. The journal publishes fundamental research in the life and physical sciences as well as important findings or issues in engineering and applied science.

Submit your manuscripts today!

The Science Partner Journals (SPJ) program was established by the American Association for the Advancement of Science (AAAS), the nonprofit publisher of the *Science* family of journals. The SPJ program features high-quality, online-only, and editorially independent open-access publications produced in collaboration with international research institutions, foundations, funders, and societies. Through these collaborations, AAAS furthers its mission to communicate science broadly and for the benefit of all people by providing top-tier international research organizations with the technology, visibility, and publishing expertise that AAAS is uniquely positioned to offer as the world's largest general science membership society.
